Minority Status by NCMEI New Delhi

Run by GGSES Jabalpur

ABOUT IIC

INSTITUTION'S INNOVATION COUNCIL

(Ministry of Education Initiative)

In the year 2018, the Ministry of Education (MoE) through MoE's Innovation Cell (MIC) launched the Institution's Innovation Council (IIC) program in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the culture of innovation and start-up ecosystem in education institutions. Primarily, IICs' role is to engage large number of faculty, students and staff in various innovation and entrepreneurship related activities such as ideation, Problem solving, Proof of Concept development, Design Thinking, IPR, project handling and management at Pre-incubation/Incubation stage, etc., so that innovation and entrepreneurship ecosystem gets established and stabilized in HEIs. The IIC model is designed to address the existing challenges/issues in HEIs such as less numbers, occasional and unplanned Innovation & Entrepreneurship (I&E) activities organised in HEIs with low involvement of top leadership, lack of coherence and absence of synergy in resource mobilization, deployment and underutilization of creative potential of youths as major barrier for vibrant I&E ecosystem to emerge from HEIs.

IIC model is unique and distinct as it integrates the functionalities of flexibility calendar activities, scoring and reward system, decentralizing operation with division of work, progress monitoring and incentive mechanisms in coordinated manner through a robust digital platform. In last two years, undoubtedly, IIC has emerged as a very sustainable and scalable model for promoting innovation within HEIs and the efforts of these IIC Institutes can be seen as impactful contribution towards making country's innovation and start-ups ecosystem more vibrant and dynamic. The recent achievement of India's 48th position in Global Innovation Index (GII) ranking is a reflection of the same.

Board Members

Dr. Sangeeta Jhamb

President, IIC, MGMM

Dr. Mahima Tripathi

Convenor, IIC, MGMM

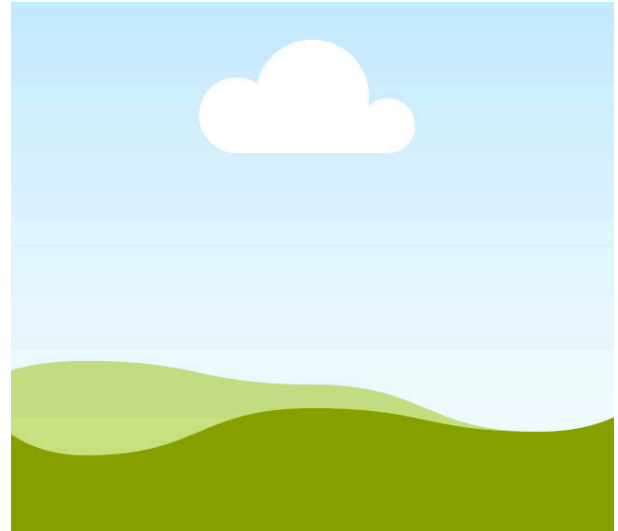

Dr. Shyamji Shukla

Vice-President,
IIC, MGMM

Mission and Values

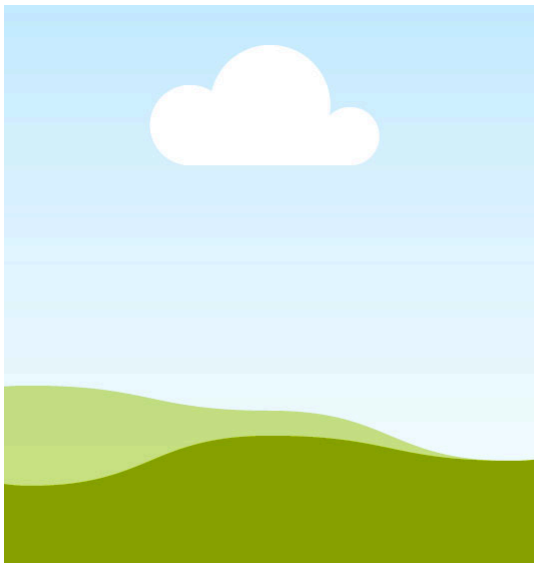

Mission

To foster a culture of innovation and entrepreneurship by conducting timely activities, recognizing and rewarding innovations, and facilitating connections between students, industry, and mentors. We aim to create a vibrant ecosystem that empowers student innovators through workshops, competitions, and collaborative projects.

Values

We value creativity, collaboration, and excellence, believing in the transformative power of innovation. We prioritize inclusivity and engagement, promoting an entrepreneurial mindset among students. Our commitment to continuous learning and networking drives our efforts to support and celebrate innovative projects within our institution.

Celebrated National Energy Conservation Day-2021

On December 14, 2021, MGM University celebrated National Energy Conservation Day-2021, emphasizing the importance of sustainable practices. The event was guided by Dr. Sangeeta Jhamb, President of IIC MGM, and Dr. Mahima Tripathi, Convener of IIC MGM. Coordination by Dr. Shyamji Shukla, Vice President of IIC MGM, ensured a successful gathering that aimed to raise awareness about energy conservation and its vital role in environmental sustainability. The initiative fostered engagement and commitment to energy efficiency.

one day webinar on Pey Jal Sankat Evam Nivaran, in association Shiksha Sankrit Uthan Nyas and Institute of Agricultural Sciences, RDVV, Jabalpur

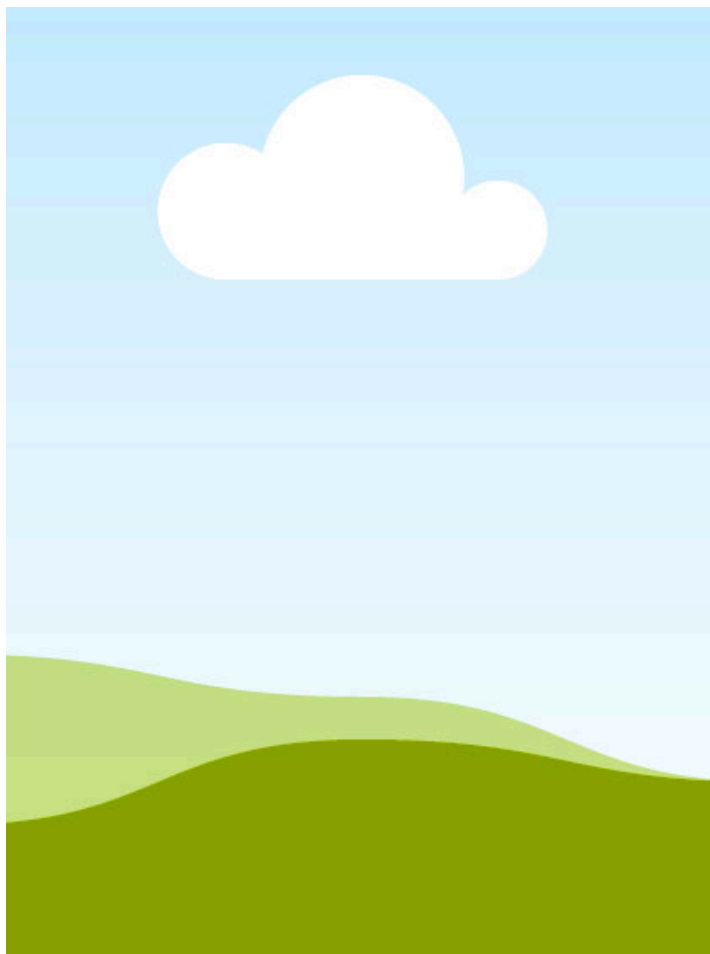

On March 22, 2022, a one-day webinar on "Pey Jal Sankat Evam Nivaran" was organized in association with Shiksha Sankrit Uthan Nyas and the Institute of Agricultural Sciences, RDVV, Jabalpur. The webinar aimed to address critical issues related to water scarcity and sustainable water management practices. Experts shared valuable insights and strategies for tackling the challenges of water conservation. This initiative fostered awareness and encouraged collaborative efforts toward ensuring a sustainable future for water resources in our communities.

Celebrated National Earth Day, organized by IIC, MGMM in association with Deptt. Of Physics and Electronics.

Promotion is a significant milestone in one's On April 22, 2022, MGM University celebrated National Earth Day, organized by the Institution Innovation Council (IIC) in association with the Department of Physics and Electronics. The event aimed to raise awareness about environmental protection and sustainability. Engaging discussions and activities highlighted the importance of conserving our planet's resources. Faculty and students participated enthusiastically, sharing innovative ideas and solutions to address pressing environmental challenges. This celebration fostered a sense of responsibility toward protecting the Earth for future generations. journey, representing not just a change in job title or increased responsibilities but a recognition of dedication, competence, and contributions. In our organization, promotion is a testament to the commitment and excellence demonstrated by employees. It is a strategic investment in the growth and development of our team members, acknowledging their skills, accomplishments, and potential.

Organized Impact lecture series (Session-I) sponsored by Ministry of Education Innovation cell, IIC, AICTE, New Delhi (25/06/2022 and 27/07/2022).

On June 25, 2022, MGM University proudly inaugurated the Impact Lecture Series (Session-I), an initiative sponsored by the Ministry of Education Innovation Cell, IIC, and AICTE, New Delhi. This esteemed program is designed to inspire and educate students about innovative practices and emerging trends in the field of education. The inaugural session featured a lineup of renowned speakers who shared their valuable insights and experiences, contributing to a rich dialogue that fostered a culture of creativity and critical thinking among participants. By addressing contemporary educational challenges and opportunities, the lecture series aimed to equip students with the knowledge and skills necessary for navigating an increasingly complex academic landscape. This initiative not only serves as a platform for intellectual exchange but also empowers students to explore new ideas and approaches, enhancing their academic and professional journeys. MGM University remains committed to promoting innovation and excellence in education, and the Impact Lecture Series exemplifies this dedication.

Jabalpur incubation Centre Visit

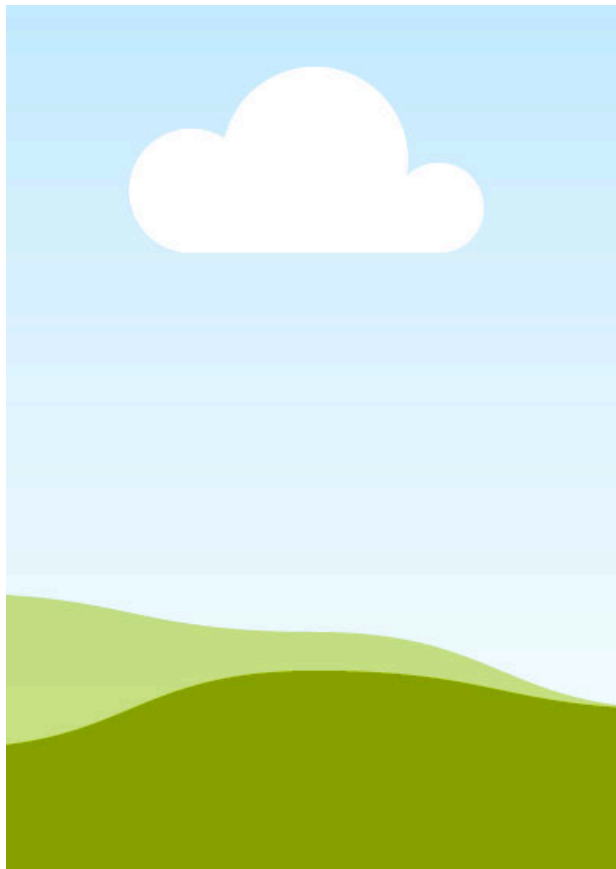

On August 30, 2022, students from MGMM University visited the Jabalpur Incubation Center, gaining valuable insights into the world of incubation and startups. The visit was organized by the Institution Innovation Council (IIC) of MGMM, aimed at enriching students' understanding of entrepreneurial ecosystems. Center managers and mentors provided an in-depth overview of the incubation process, sharing success stories and guidance on nurturing innovative ideas. This hands-on experience inspired students to explore entrepreneurial opportunities and consider their own ventures in the future.

Honorarium (Prof R K Asthana.BHU,Varanasi)

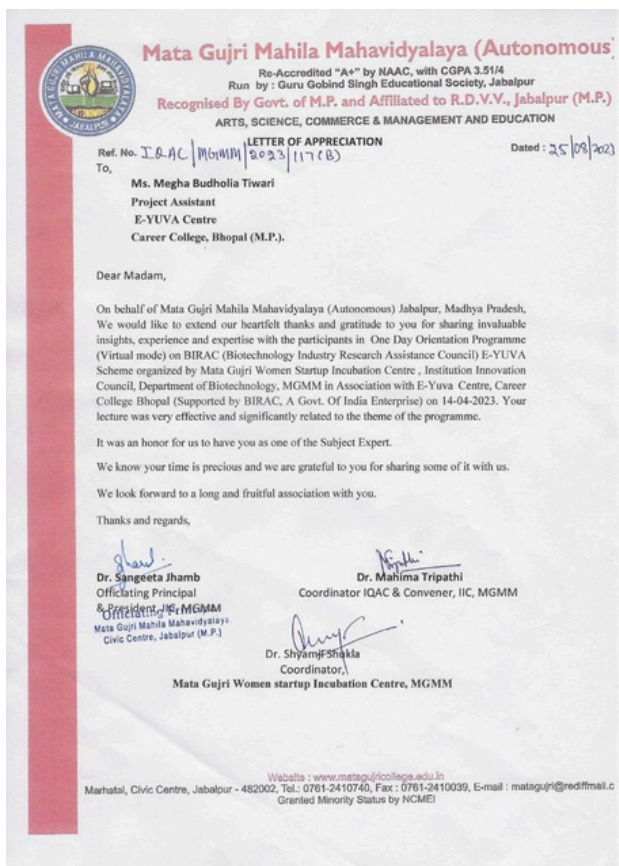

Honorarium (Prof R K Asthana.BHU,Varanasi) is a testament to the esteemed contributions and invaluable expertise that Professor R K Asthana has offered in his field. As a distinguished member of Banaras Hindu University in Varanasi, his work has not only enriched the academic community but also inspired countless students and colleagues. His dedication to research, teaching, and service exemplifies the highest standards of scholarship and integrity. Such recognition reflects the deep respect and admiration held for him by peers and scholars alike, celebrating a career marked by innovation, leadership, and an unwavering commitment to advancing knowledge.
