

Research Policy Aims

Mata Gujri Mahila Mahavidyalaya aims to create and support a research culture for developing and promoting scientific temper and research aptitudes among its teachers and students. It helps to realize the vision and missions of the Institution and for contributing to national development by establishing an institutional fund and plan for facilitating their participation in research and related activities and by providing the required resources and appropriate facilities. It also aims at ensuring that the research activities of the Institution conform to all applicable rules and regulation as well as to the established standards and norms relating to safe and ethical conduct of research.

Objectives of the Research Policy

- Strengthening the institutional capacity for strategic, technical and operational planning, budgeting and control of all research activities of the Institution
- Creating and administer a research fund for supporting and facilitating research initiatives and projects of faculty members and students
- Developing rules, procedures and guidelines for granting research support, instituting awards, and supporting all other related activities
- Developing rules, procedures and guidelines for granting study leave, sabbatical leave, duty leave, reduction in workload, etc. for faculty members undertaking research activities
- Providing a modality of for proper coordination of all research activities of the Institution and aligning these to the vision and missions of the Institution and national development goals.
- Preparing and updating the research agenda of the Institution outlining the preferred focus areas and priorities of research activities to be supported
- Guide faculty members in the effective integration research projects with the regular curriculum implementation and curriculum enrichment activities
- Identifying and informing researchers about the appropriate research opportunities announced by different academic, research, industry or government organizations
- Promoting interdisciplinary research and establishing modalities for preparing and undertaking joint research projects covering more than one knowledge domain as well as policies for involving external agencies/experts in such projects
- Enabling framework for researchers to obtain sponsorships for research projects and which makes the participating researchers responsible for the successful implementation of the project
- Developing and promoting linkages with the Research Council of the the Institutions of MP and other National Institutions and enable all the researchers of the Institution to benefit from the activities and programmes of the council
- Identifying and establishing linkages including MOU s for long term relationships with national and international research organizations for widening the scope of research opportunities and funding options available to the teachers and students of the Institution.
- Identifying and establishing linkages including MOU s for long term relationships with industry bodies and individual companies for creating opportunities for teachers and students of the Institution to involve themselves in real life research projects and obtaining sponsorships

- Encouraging and facilitating the publication of the research work/projects in reputed academic journals
- Encouraging and facilitating the presentation/communication of the research work/projects as well as their findings and recommendations through academic events such as workshops/seminars/guest lectures or the media
- Compiling data on all the research work/projects undertaken by the teachers and students in to a database for easy monitoring and analysis of the progress being made by them from year to year
- Adopting research code, which informs all researchers about the ethical and legal norms and principles to be followed in the conduct of research
- Preparing and implementing research quality assurance mechanism for ensuring that all research activities of the Institution conform to standard quality specifications
- Developing and administering rules and procedures to ensure the compliance of all researchers to the research quality assurance framework, the research code and all the applicable rules and regulations.

Composition of Research Cell

Research Cell will have the following composition

- Principal – Chairperson
- Dean academics – Member Secretary
- Dean R&D-Co-ordinator
- Five teachers – Members
- Industry/Academia representative – Member
- Two student representatives –

Members Research Cell may be expanded with the inclusion of more members as necessary. It may also set up and promote 'Action Groups' for managing specific projects/activities.

Research Policy Implementation Mechanism

The Research Cell of the Institution shall be responsible for implementing this research policy of the Institution by working closely with the institutional management. The specific roles and functions of the research cell will be as follows
